## Report on HOPE Activities

HOPE is very much pleased to share the information on its activities over the years since the start of its operation. In an attempt to make the Report short and sweet, as much as possible, pictorial illustrations have been given priority rather than text.

### Statistics on HOPE Scholars and Disbursement of Scholarships

A diagrammatic district wise illustration of the HOPE Scholars as well as the total amount of disbursement is as shown below. This is the statistics till the end of the last academic year [2013-'14] since start of the operation of HOPE.

The above statistics includes 05 Nos of Students who have successfully completed their 12<sup>th</sup> grade and currently they are well performing on their professional studies.

- Several prominent personalities of the society were present during the function.

## HOPE Launches Planned for 2014-'15

Two formal HOPE Launches are being planned to be conducted in the Northern Districts of Kerala, preferably Kannur and Kasargode.

#### HOPE Resources

The current prime resources of HOPE are their over 200 numbers of generous sponsors and more than 120 volunteers/Mentors. Apart from that there are a few openhanded patrons who have been contributing since the launch of HOPE.

#### Mentoring

Mentoring is one of the prime activities of HOPE in addition to the financial assistance to HOPE Scholars, which is observed to be very effective not only in inspiring Scholars in their studies but helps to enhance their self confidence in facing various challenges in life too.

As part of the mentoring process several HOPE volunteers have visited the Scholars in their house to meet them as well as their parents/family. Certain representative pictures are included below:
