**CETA Galaxy
Charitable Trust**

CETA Galaxy Charitable Trust formed in 2011 with the intention of bringing together all engineers from College of Engineering Trivandrum under one umbrella and to channelise their expertise and resources for the betterment of our society especially for the upliftment of financially challenged sections of Kerala.

Helping Outstanding Pupils in Education (HOPE)

A programme to identify brilliant students from Grade 8 belonging to financially weaker sections of the society and provide them with the essential support for their continued education.

HOPE aims to help students successfully complete their higher secondary education and beyond, and mould them to be skilled, insightful, and assiduous professionals in their chosen fields of interests.

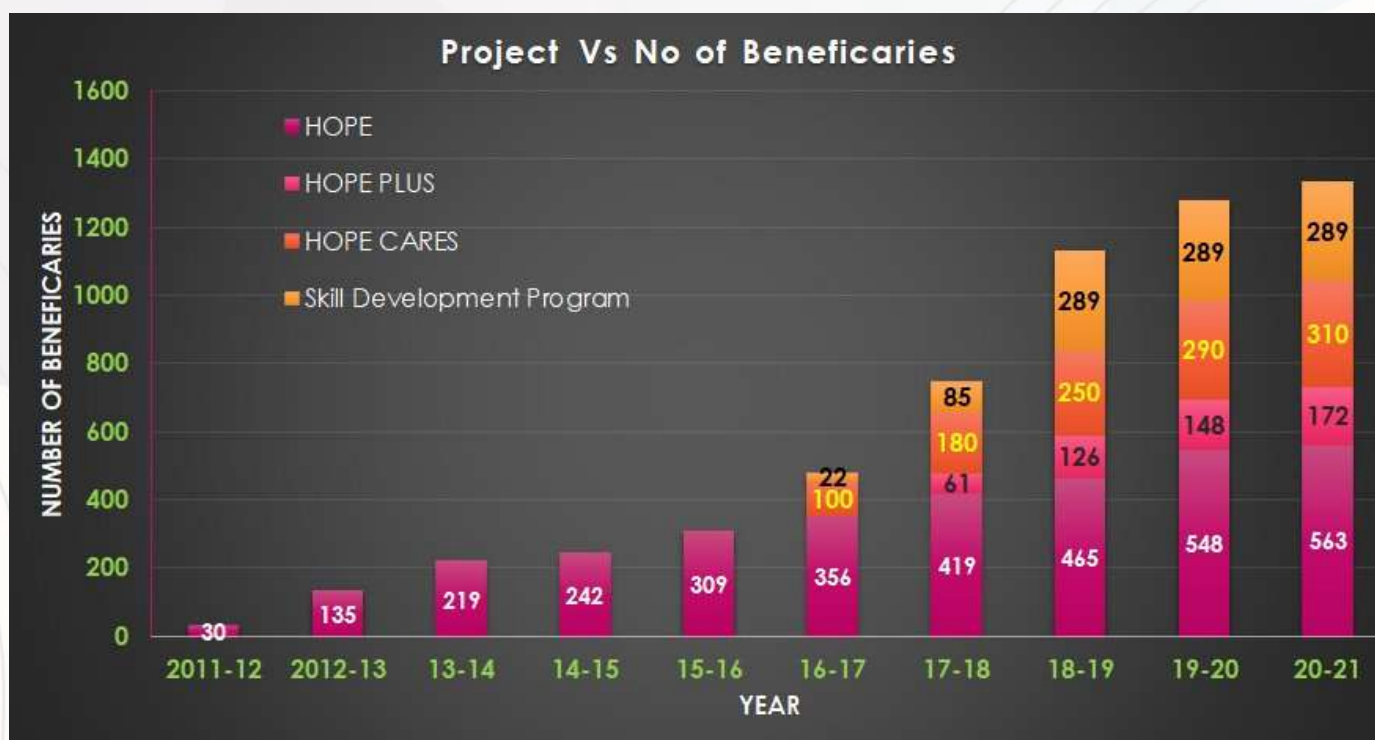

Spanning over 14 districts of Kerala, CGCT currently supports more than 1000 students from diverse sections of the society.

HOPE during the Pandemic

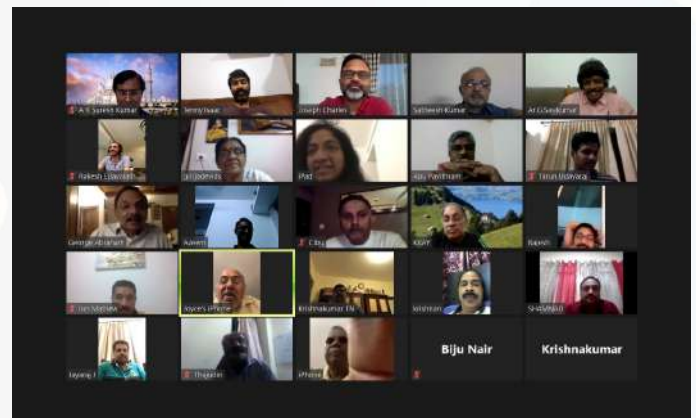

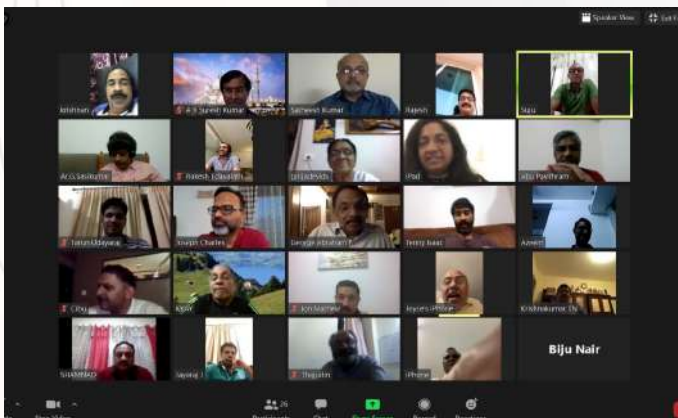

As the world is facing unprecedented times fighting the COVID-19 together, we wanted to make sure that all our students, volunteers, and mentors are safe and comfortable. CETA Galaxy Charitable Trust (CGCT) and HOPE team contacted all our volunteers and beneficiaries to ensure their welfare and to boost their confidence. We conducted online meetings with HOPE beneficiaries across Kerala to understand their challenges and to provide necessary support and motivation. Online counseling and motivational sessions were conducted to our students. HOPE volunteers helped the students to make use of the lockdown time effectively.

Online Zoom meetings were conducted with the district volunteers and trainers to plan various activities during the lockdown period. This was followed by a meeting with the HOPE Plus students from Wayanad. Also, online presentations, interactive sessions, online assignments, etc were also organised after that.

Online Iftar Party

Given the global circumstance, the Iftaar party for the year was held via a Zoom meeting, with a lot of volunteers and well wishers joining on 16th May, 2020. A presentation was conducted by CGCT member Shri. Abu Suseelan, who spoke of the various projects undertaken by CGCT and the various activities that had been conducted under it. Following the presentation, a Q&A session was also held; to clear the queries of the members.

HOPE during the Pandemic

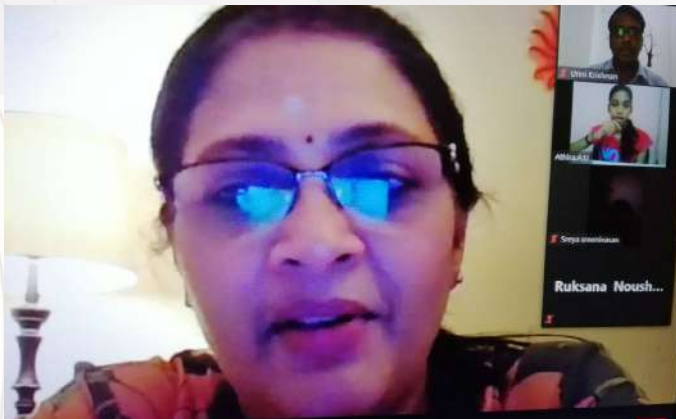

Orientation for SSLC Graduate

An orientation session was held for our HOPE beneficiaries on July 19th to induct the SSLC graduates into a new world of education. In an interactive session, there were 100 participants who questioned and engaged with the key hosts.

English Communication Session

CGCT hosted 'POWER WITHIN', the second English Communication series for the 11th grade students. The session was hosted by Mrs. Prabha Sunder and it was largely centered around the idea of role-play. The students were asked to prepare a one-minute speech in English on any topic they like. These sessions are scheduled once in a month to help students improve their communication skills.

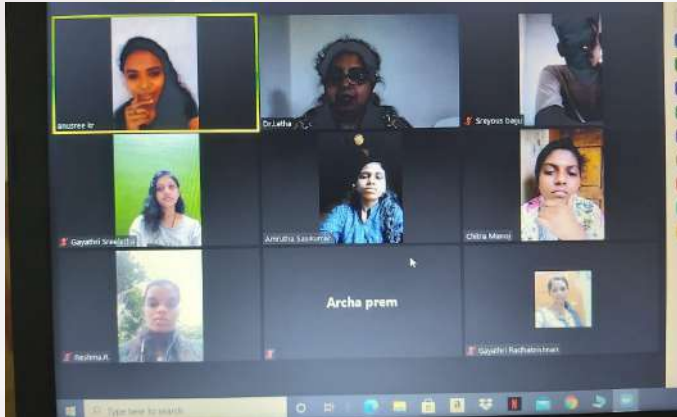

Cultural Fest by Wayanad HOPE students

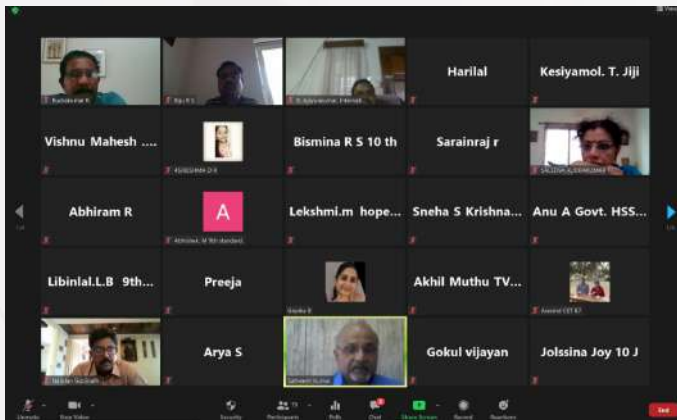

The beneficiaries of the CETA Galaxy Charitable Trust's HOPE project in Wayanad organised a Cultural Fest. They displayed their artistic talents. Bottle art by the beneficiaries was shown through a Zoom meeting coordinated by our HOPE Plus beneficiaries.

HOPE Online District Camp

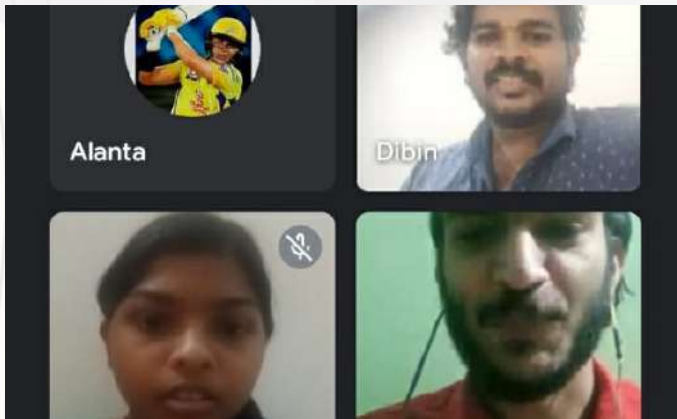

Alappuzha

On 5th Dec'20, HOPE Alappuzha district team organized a group discussion on "Influence of Media".

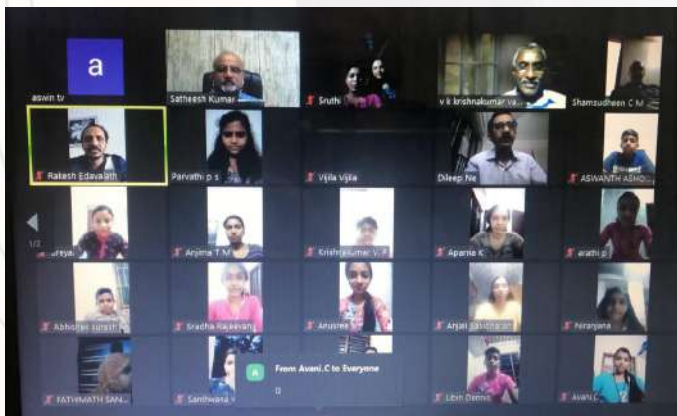

Trivandrum

Hope TVM District meet for 9th and 10th class was held on 31st July 2021 on Google meet platform. More than 67 students participated in the training. The various art works of students were presented and trainers engaged with the students. We also conducted another meet - Better Together on 7th July, 2021

Wayanad

A training session for Hope students in Wayanad was organised on 31st July 2021. The topic was Career options after SSLC.

Kannur

An online camp for Hope students in Kannur district was Conducted on 6th December 2020 by trainer, Krishnakumar V.

HOPE PLUS

HOPE PLUS, launched in 2017 is the logical extension of HOPE to support HOPE beneficiaries for higher education. Under this scheme, HOPE beneficiaries who complete their 12th grade with outstanding academic performance will be supported for 5 more years to pursue higher education in their chosen areas of interest. The most eligible students will be provided financial support (INR 15,000 to INR 60,000 per year) for a maximum period of 5 years. During the year 2020-21, 24 new students were awarded HOPE PLUS scholarships making the total number of HOPE Plus beneficiaries 172.

During the year 2020-21, 24 new students were awarded HOPE PLUS scholarships making the total number of HOPE Plus beneficiaries 172.

HOPE plus students are being supported by M/s Voltas Ltd, M/s Saint Gobain India Pvt Ltd and M/s Orbinox Ltd. HOPE PLUS students are being active volunteers in CGCT activities and have taken a proactive role in organizing the district level camps and workshops as well as the South Zone & North Zone empowerment camps.

HOPE Plus Session on Technology Adaptaion by Prem Kishore (1996 Batch of CET)

Session by Shri. S S Jayashankar (CET 1993) also the founder of "Oorja" on the topic "Introduction to Banking and Financial Sector"

Padma Bhushan Shri. Kris Gopalakrishnan (Co-founder of Infosys & Chairman, Axilor Ventures) lead a session for HOPE Plus Students on "Why Entrepreneurship" on 4th Aug, 2020

HOPE PLUS

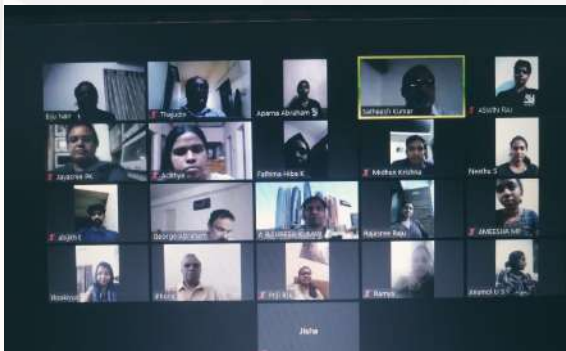

**Pandemic Stress
Management Session by Dr.
Manju Peethambaran,
Consultant Psychiatrist**

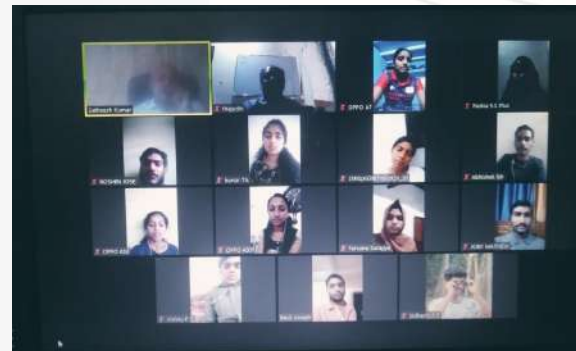

HOPE Plus Virtual Session

In addition to the career guidance sessions, we conducted district-wise sessions for students of the HOPE Plus project. The HOPE Plus Wayanad session was conducted on 31st March 2020, HOPE Plus Kollam on 11th April 2020, later at CET on 14th April 2020 and HOPE Kannur on 18th April.

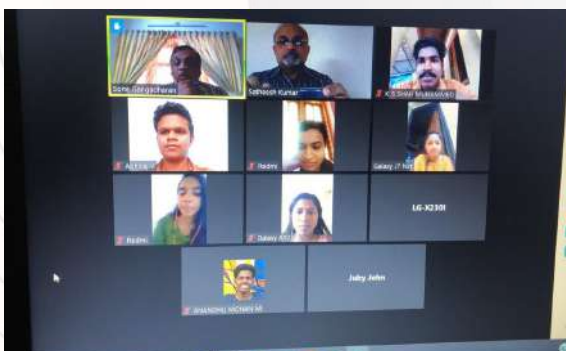

The sessions aimed at understanding the student's problems especially due to the onset of pandemic and providing the necessary for attending online classes. The subsequent sessions were conducted at various districts with the support of District Coordinators and volunteers. We thank all our volunteers for making these sessions happen.

HOPE CARES

Skill Development Programme

HOPE CARES is a comprehensive programme covering the most backward rural and tribal areas of Kerala with a multipronged approach to financial support, mentoring, handholding through higher education, and employment support through skill development. Currently, 310 students from 3 tribal schools in the Attappady area of Palakkad district are being supported under this. HOPE CARES activities for 2019-20 were officially launched by Dr. Navneet Sharma IPS, ASP, Palakkad at Government Higher Secondary School, Agali on July 6, 2019. Scholarships for 20 new beneficiaries were also distributed. Over 300 students from Sholayur, Agali, and Pudur attended the day-long training session.

HOPE CARES Skill Development Programme is aimed at extending job-oriented training to school dropouts from the tribal belt. The objective of the programme is to help them find a livelihood by acquiring proficiency in specialized areas. Selected students are being sent for intensive skill development training at the ICICI Skill Development Centre in Coimbatore. The programme is being organised in association with Voltas and is operational in Attappadi (Palakkad District) and Wayanad. Upon successful completion, around 310 youths from Attappadi and Wayanad have already been placed in various reputed companies in South India.

Around 310 youths from Attappadi and Wayanad have already been placed.

SSLC Results

HOPE students secured high scores in SSLC examination 2020. 70% of our total students secured Full A+ grade.

News

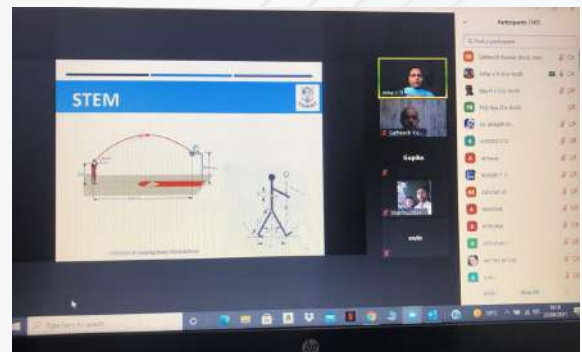

Masks by HOPE Kasargode Students

Our HOPE warriors stepped in with their creative support in the fight against COVID- 19 in 2020. HOPE students from Kasaragod prepared masks by using their tailoring skills.

Session on Robotics by Dr. Jisha V R

CETA Galaxy Charitable Trust conducted a session on 'Introduction to robotics' on 22nd June 2021. Dr. Jisha V R, the Associate Professor, CET was the speaker who shared basic information and types of Robotics. HOPE students of grade 10, 11& 12 participated.

Kidney Transplantation

Last year, CETA Galaxy Charitable Trust was able to support a HOPE Student for her kidney transplantation surgery. CGCT facilitated financial aid of around 6 lakhs to the student's family for meeting the expenses of the surgery.

CETLAP

CETLAP 2020 was a fundraiser initiative by CETAA to give technical and financial support to procure laptops and other forms of support that will help restore the discontinued education of the students of CET who were unable to attend online classes due to several limitations caused by the pandemic.

214 laptops were distributed in total. CETA Galaxy Charitable Trust has played an important role in facilitating fund collection, procurement of laptops and delivery of the same to students.

Sponsored Mobile Phones

CETA Galaxy Charitable Trust distributed smartphones to a few HOPE students to help them attend online classes without any hurdles.

The Way Forward

While the pandemic has brought the world to a stand still for a few months last year, the indomitable spirit of commitment have enabled us to adapt to the new normal and continue our engagement with our students in new ways this year. With digital becoming a way of imparting education, CGCT also resorted to that mode to give various training programs to our scholarship beneficiaries. Online district meets were conducted across all 14 districts which were organised by the senior Hope Plus students demonstrating their organisational skills and leadership capabilities.

Completing a decade of excellence in serving the most deserving students from weaker sections of the society gives CGCT the confidence to embark upon a new journey to guide our students to be future ready. For this, we need to reach more like-minded individuals and industry houses who can contribute to this mission. We are now working towards creating more awareness of our programs through roadshows, social media campaigns and newsletters to reach a wider audience.

We are also embarking on a holistic digital journey whereby our internal administrative processes as well as interactions with our students and well wishers will be digitalised. Further, a digital learning platform is on the horizon which will enable continuous engagement with our beneficiaries in addition to providing them focussed online learning opportunities.

Making the students ready to get a head start in their careers is another task that we are gladly venturing into. This will be achieved through focussed trainings and finishing programs in addition to facilitating internships and creating industry awareness. All this and much more will be possible if we get continued support from each one of you who have played a vital role in guiding the trust into the position that it is today.

.....

We are content and proud of what we have accomplished so far. At HOPE, we are constantly challenging ourselves; trying to perform better than our previous years. We hope to not leave any stone unturned in expanding the reach of HOPE to those who may benefit from our cause. Our objective is to support around a thousand students, and we hope to achieve this soon. We are also confident that our incessant endeavours to uplift the lives of the less privileged will also bring great impact in their lives and inspire them to create positive change in society. With our efforts, we are hopeful to carve a future generation of educated, compassionate, and socially responsible youngsters. We are open to associate and join hands with anyone who would like to join us on our journey to help these brilliant students.
